CHAIRPERSON'S FOREWORD

This report contains proceedings of the Finance and Economic Planning Committee on its consideration of the Kakamega County Finance Bill, 2024, submitted to the County Assembly of Kakamega on **19th August, 2024**.

The Bill went through the First Reading on **3rd September, 2024** and thereafter committed to the Committee on Finance and Economic Planning for consideration and subsequent reporting to the House under provisions of Standing Order 181 of the Kakamega County Assembly Standing Orders.

The Bill contains Eleven (11) schedules that seek to consider the under listed laws among others:

- i. The Social Health Authority Act (**SHA**);
- ii. Social Health Insurance Fund (**SHIF**);
- iii. The Facility Improvement Fund (**FIF**);
- iv. The Kakamega Agricultural Cess Act;
- v. The valuation and Rating Act, 2023; and,
- vi. Lieu of rates on properties from National Government.

The proposed amendments to the above laws introduce a series of tax policy measures aimed at generating **additional** revenue of **Kshs. 1.95B** for the Fiscal Year 2024/25, contributing to the projected **Kshs. 3.3B** in revenues for the same year. This indicates **39%** increment from the actual collection of **Kshs.1.35B** in FY2023/24. These measures offer the Kakamega County Government an opportunity to enhance Own Source Revenue mobilization to provide the necessary funds to alleviate poverty and service delivery to Kakamega County citizens.

Following the placement of advertisements in the print media on **12th September, 2024**, calling for memoranda on the Finance Bill from members of the public and relevant stakeholders as provided for under **Article 196 (a) (b) and 201 (a)** of the Constitution of Kenya 2010, read together with **Standing Order 241(1)** of the Kakamega County Assembly Standing Orders, the Committee held a public participation forum on **19th September, 2024** at the **Kakamega County Social Hall** having invited citizens from all the twelve (12) Sub- Counties among other key stakeholders. Consequently, the Committee received memoranda from stakeholders through the office of the clerk vide physical delivery and online submissions. In addition, the Committee

held a series of consultative meetings with the County Treasury together with the Kakamega County Revenue Agency, the County Attorney and the County Director Administrative Health Services in respect to the requirements of the Constitution of Kenya, 2010 and the Kakamega County Assembly Standing Orders, for comments and clarifications in the process of considering this Bill in order to review the implementation of the previous Finance Acts, with a view to establishing the key milestones covered, and the major gaps and challenges experienced in the implementation of the said Acts. In this regard, the Committee therefore supports proposals to the Bill from stakeholders with aims to enhance County Own Source Revenue collections and enable sustainable County Budget implementation for Fiscal Year 2024/25.

Hon. Speaker,

The Committee extends its sincere gratitude to the Office of the Speaker and that of the Clerk of the County Assembly for the invaluable, logistical and technical support accorded during its deliberations to ensure success of this work despite financial challenges currently being experienced at the County Assembly.

The Committee, in a special way, acknowledges and appreciates the participation of all stakeholders and members of the public from all walks of the County who diligently submitted their comments and views on the Bill. Their insights and contributions have enriched the Committee's understanding of the various perspectives on the proposed tax measures.

Further, the Committee wishes to express its heartfelt appreciation to the Honourable Members of the Committee and the dedicated Committee Secretariat whose commitment, expertise and collaborative efforts were instrumental in preparing and producing this report. I particularly commend the Secretariat for their diligent work that enabled the Committee to fulfil its constitutional mandate by providing analysis of the Finance Bill, 2024 to the Committee.

On behalf of the Committee on Finance and Economic Planning and pursuant to the provisions of **Standing Order 181**, of the Kakamega County Assembly Standing Orders, it is a privilege and an honor to present to this Honourable House, the Select Committee on Finance and Economic Report on the Kakamega County Finance Bill, 2024.

The deadline for approval of the Finance Bill, 2024 by this House is **26th September, 2024** in compliance with **Section 133** of the PFM Act, 2012 which stipulates that '*not later than **ninety days (90)** after approval of the Appropriation Bill, (**26th June, 2024**) the Assembly shall consider and approve the Finance Bill within 90 days with or without amendments*'.

The Committee therefore trusts that this report will serve as a valuable resource for informed debate and decision-making by the members of this Honourable House.

CHAPTER TWO

2.0 OVERVIEW OF THE FINANCE BILL, 2024

2.1 INTRODUCTION

A Finance Bill is an annual legislative instrument designed primarily to enable revenue collection by County Governments. It is rooted in the framework established by the approved annual Budget Policy Statement and the Budget Estimates. The Bill outlines key revenue-raising measures for funding Government expenditures and initiatives outlined in the County Budget. Through this legislative process, the County Government aims to ensure fiscal discipline, transparency, and accountability in the management of Public Finances. Section 132(2) and 133 of the Public Finance Management Act, 2012, mandates the County Executive Committee Member for the County Treasury to present the Finance Bill to the County Assembly for consideration. This Bill details the specific revenue-raising measures proposed by the County Government and in line with the comprehensive policy statement that elaborates on the rationale behind these measures. The policy statement provides a strategic overview, outlining the County Government's fiscal priorities, objectives, and anticipated impacts of the proposed revenue measures on the economy and society. This process of parliamentary review and approval of the Finance Bill plays a critical role in shaping County economic policies and ensuring that financial resources are effectively mobilized and utilized for the benefit of all citizens of Kakamega. The Kakamega County Revenue Agency targeted to collect **Kshs. 2.2B** in the FY 2023/2024, however, the projected target failed to materialize as the agency managed to mobilize **Kshs. 1,347,833,279** for the period ending **30th June, 2024**, representing a performance of **62%**.

The shortfall in the targeted amount was occasioned by the following;

- i. Low reimbursement from NHIF;
- ii. Low collections realized from disposal of County assets;
- iii. Zero collections from Contribution in Lieu of Rates;
- iv. Low collections from farm inputs subsidy;
- v. The prolonged doctor's strike that affected OSR collection by approximately **Kshs. 100M** from health facilities;
- vi. Non-compliance from a section of traders; and,
- vii. Inadequate staffing.

Table below indicates trends in own source revenue from FY 2016/17 to FY 2023/24;

Table 1.1

It's imperative to inform this Honorable House that in the first **2 months of FY 2024/25**, i.e. July and August 2024, revenue collection has similarly faced challenges ranging from; under staffing of revenue collecting officers, low reimbursement from NHIF, zero collections from other County entities such as KDDC, KACUWASCO, KACRUWASCO, lack of sensitization of the integrated revenue collection system among others. Cumulatively, the Agency had targeted to collect **Kshs. 321.1M** for the two months, however, the Agency realized **Kshs. 148.6M** in the said period. This represents a **46%** performance of the projected collection. The massive shortfall realized was a result of zero collections from other County entities.

2.2. OVERALL CHALLENGES EXPERIENCED IN REVENUE COLLECTION

- i. Absence of an updated Valuation Roll, hindering collection of Rates (plots were undervalued and majority of owners cannot be traced);
- ii. Inadequate/Poor infrastructure in County markets; several markets do not have toilets, water, stock rings, dumpsites, and roads;
- iii. Closure of some markets e.g. Shisenjeri and Eregi markets;
- iv. Delayed support in revenue collection from other County departments e.g. Public works on plan approvals;
- v. Noncompliance from other Government entities e.g. CDF and County Departments;

- vi. Technological challenges e.g. revenue collection system downtimes and inability to customize the system to suit user needs;
- vii. Low insurance reimbursements to health facilities (Minet Insurance);
- viii. Inadequate budget to facilitate revenue operations; and,
- ix. Inadequate staff to provide support supervision in all County revenue stations.

2.3 NEW INNOVATIONS

The Kakamega County Revenue Agency has re-engineered the following measures to enhance revenue collection;

- i. Print stickers and Single Business Permits through the revenue collection management system; and,
- ii. Revert to *matatu stickers*.

2.4 MEASURES TO ENHANCE OWN SOURCE REVENUE FOR FY 2024/2025

The department has put in place the following strategies to ensure achievement of the set target of **Kshs. 3.3B** for FY 2024/2025 revenue collection;

- i. Full implementation of the Kakamega County Finance Act, 2024;
- ii. Form a Revenue Enhancement committee;
- iii. Conduct revenue clinics;
- iv. Conduct regular stakeholder engagement;
- v. Map and assess liquor fees collectively;
- vi. Fast track completion and implementation of the Valuation Roll;
- vii. Introduce revenue internal exchange programs;
- viii. Monitor daily targets assigned to revenue clerks;
- ix. Operationalize rewards and sanctions policy;
- x. Report revenues mobilized by KACUWASCO, KACRUWASCO, KDDC and Microfinance;
- xi. Conduct frequent inspection and compliance checks on all revenue streams;
- xii. Introduce hospital user fees charge in **level II and III** facilities; and,
- xiii. Prioritize use of Facility Improvement Fund to acquire medicine, medical supplies and repair/maintain medical equipment.

CHAPTER THREE

3.0 OVERALL FINDINGS AND OBSERVATIONS

3.1 Revenue Performance

The second formula for revenue sharing developed by the *Commission on Revenue Allocation (C.R.A)* and approved by the Senate of Kenya pursuant to *Article 217* of the Constitution of Kenya, 2010, introduces a parameter of *Fiscal Effort* which will be issued to Counties based on revenue collection performance (growth of revenue).

Each County will get an **extra 2%** of their National shareable revenue subject to demonstration of local revenue growth and progressive compliance with the public fiscal responsibility principles pursuant to Section **107 (2)** of the Public Finance Management Act, 2012. Notably, Kakamega County has been missing the outlined subsequent additional revenue occasioned by under collection of Own Source Revenue.

In FY 2023/24, the County managed to collect **Kshs. 1.35B** as actual Revenue against a target of **Kshs. 2.2B**, occasioning a shortfall of **Kshs. 852.16 M**.

Hon. Speaker,

Proper structures and mechanisms ought to be effected for optimum collection of the estimated revenue of **Kshs. 3.3B** in FY 2024 /2025 if the County is to benefit from the extra allocation and also to effectively cater for programmes that have been factored in the budget.

3.2 The legal framework in the implementation of the Finance Act, 2024.

The Finance Act, 2024 is an Act of the County Assembly of Kakamega to provide for various taxation, imposition of fees and charges for services and other revenue raising measures of the County Government.

The Finance Act should have enabling policies and legislations passed by this Honourable House for purposes of ensuring proper implementation of the same and realization of the full budgeted revenue of the County Government.

These policies and legislation include:

- i) The Kakamega County Revenue Administration Act, 2017**

This is an Act of Kakamega County Assembly to provide for the general administration of taxation laws and other revenue raising laws and for connected purposes.

The enactment of the Revenue Administration Act, 2017, was to cure the operational defects in the revenue system such as the time for collection of taxes and charges by revenue officers; the channels and modalities for the remittance and account of revenue; and it creates offences and requisite penalties for various omissions and commissions by both the tax payers as well as the officers.

ii) The Kakamega County Trade (Licensing) and Markets (Amendment) Act, 2024

This is an Act of the Kakamega County Assembly to provide for the grant of trade licenses, establishment of markets and for connected purposes.

The Act establishes trading centers, prohibit trade without license; provide for the application, grant, cancellation or suspension for trading license; duration, exhibition and inspection of trading license; and license fees and market charges.

iii) The Kakamega County Valuation and Rating Act, 2023

This Act provides for valuation and rating of land and for connected purposes. Of essence to the Finance Bill, this piece of legislation provides for the uniformity of rates, equitable distribution of rates, due date of rates, liability to pay rate, rates chargeable on property, statement of payment of rates and other charges, exemption from, and remission of rates and the contribution in lieu of rates.

iv) The Kakamega County Alcoholics Drinks Control (Amendment) Act, 2015

The County Assembly passed the above-mentioned piece of legislation whose schedules stipulates charges to be imposed to the various businesses involved in the buying and selling of Alcoholic beverages. This is a perfect example of a legislation that should be amended by the Finance Bill. To the contrary, the Finance Bill does not provide for amendment of charges imposed in this Act.

v) The Kakamega County Disability Act, 2021 (Tax Waivers for Persons Living with Disabilities)

Persons with Disabilities Act should provide that such persons be entitled to tax waivers. However, the framework and policies to go about these tax waivers for persons with disabilities within the County is eminently missing since the County is yet to come up with proper legislation.

vi) The Kakamega County Agricultural Produce Cess Act 2019 and Amendment Act 2023

The Act provides for the imposition of Cess on agricultural produce within the County and for connected purposes.

Xiv) The Kakamega County Public Participation Act, 2015

The Finance Bill forms part of the budget cycle as per section 125 (1) (i) of the Public Finance Management Act, 2012. Matters relating to public finance must undergo public scrutiny by virtue of the provisions of Article 196 (b), Article 201 (a) of the Constitution of Kenya, 2010 and Section 125 (2) of the Public Finance Management Act, 2012.

3.3. Weaknesses in County Revenue collection.

i) Delay in remittance and lack of follow up on revenue collections streams

Laxity in implementation of the Finance Act has resulted to shortfall in revenue collections thus hampering full implementation of the budget. A case in point is the revenue target for FY 2024/25 August, where there was Low reimbursement from NHIF. The County received **Kshs. 2.5M** from NHIF against a monthly target of **Kshs. 44.9M** and **Zero collections** from other County entities whose monthly target was **Kshs. 34.4M**.

The Committee looks forward to the Integrated Revenue Collection System and the introduction of the Point of Sale (POS) devices going a long way in improving revenue collection as targeted in the Budget FY 2024/25.

ii) Non-compliance with the Finance Act, FY 2023/24 provisions

There were concerns from the public that the charges being imposed on them are in some cases not in line with the Kakamega County Finance Act, 2023. This resulted into either undercharging, over charging and lack of charges to traders. In this regard, revenue collectors must be sensitized on the Kakamega County Finance Act 2024 provisions to ensure compliance and avoid possible litigation in future.

iii) Market infrastructure improvement

The state of facilities in markets across the County is wanting especially on social amenities such as;

- a) Public toilets (None existent or few);
- b) Water supply (None existent or broken down);
- c) Lack of fences around some markets and stock rings; and
- d) There are few market enforcement officers to ensure Law and Order.

The Committee also noted that although the County has made effort of constructing the modern markets, traders are still selling their goods alongside road reserves and thus non-utilization of the facilities as witnessed in quite a number of market centers.

iv) Lack of motivation to traders to pay through tax incentives such as waivers of penalties and installments.

v) Inadequate mapping of new revenue streams.

vi) Consistency with the approved fiscal framework.

The FY 2024/25 approved budget projected to collect **Kshs. 3.3B**. To realize this revenue target, the County must put in place practical steps such as; recruitment of additional revenue collecting officers, capacity build enforcement and supervision, sensitization of traders, improvement of market facilities and related public amenities, mapping of untapped revenue streams and implementation of Acts and policies enforcing revenue collection.

vii) Absence of control and monitoring on the integrated revenue collection system.

The revenue collection system is domiciled by a third party making it difficult for Kakamega County Revenue Agency to monitor the progress and loopholes within the system for optimal collections.

Hon. Speaker,

The Committee has therefore recommended the following highlighted amendments under the indicated schedules as per the public suggestions and the outcome of interrogations of the CECM County Treasury on the Kakamega County Finance Bill, 2024.

19TH SEPTEMBER, 2024

1.0 Introduction

The Public Finance framework pursuant to Article 196 (1) (b), 201(b), 209 (3) of the Constitution of Kenya, 2010 and Section 125(2) of the PFM Act, 2012 requires that public participation be integrated in the consideration of financial matters. This is further expounded under Standing Order 241 (1) of the Kakamega County Assembly Standing Orders, in furtherance to Section 91 of the County Government Act, 2012.

1.1 Modalities and Platform for Citizens Participation

Under Section 91 of the County Government Act 2012, the County Government is required to facilitate the establishment of structures for citizens' participation. In order to enhance effective public participation, the County Assembly applied the following modalities as required by law:

- i. In exercising awareness, the Kakamega Finance Bill, 2024 was advertised through print media (Nation Newspaper) on 12th September, 2024 and local Radio Stations (West FM) on 16th September, 2024 to enhance Country wide information dissemination.
- ii. The Kakamega county Finance Bill, 2024 was uploaded on the County Assembly website to increase access through digital platforms.
- iii. The County Assembly organized and invited the public and key stakeholders from the sixty wards in Kakamega Central at Kakamega Social Hall for a physical public participation meeting on 19th September, 2024.

The County Assembly disseminated both printed material and soft copy of the Kakamega County Finance Bill, 2024 as a mode of communication to the Public.

1.2 Objective of the Public Participation

The purpose of Public Participation on the Finance Bill was to comply with the Constitution of Kenya, 2010 and other foregoing statutory provisions. The objectives are summarized as follows:

- i. To get feedback of the public on the proposed rates in the Kakamega County Finance Bill, 2024;
- ii. To identify revenue streams that can efficiently improve the tax base;
- iii. To promote inclusivity in County revenue collection process thus enhance greater ownership, participation, posterity and optimal realization of the set targets; and,

- iv. To ensure transparency, accountability in preparation and implementation of the Kakamega County Finance Bill, 2024 in order to finance the projects and programmes in the budget FY 2024/25.

4. Care taker/giver services to be expunged in all health facilities from the Finance Bill.
5. Breech birth charges to be expunged in all health facilities from the Finance Bill.
6. Circumcision charges for Level 4 and 5 hospitals to be retained as it was in the previous FY 2023/24.

OVERALL RECOMMENDATIONS

1. Cess collected from sugar factories should be used to maintain County roads
2. The County Government should sensitize members of the public on the Finance Act 2024 prior to its roll out.

CONCLUSION

It has to be noted that while views collected from the public were enlightening, they cannot all be adopted since this law is put in place to project the economic view of the residents within the County and further maintain law and order.
