

THE TAITA TAVETA COUNTY ABATTOIRS BILL, 2016

ARRANGEMENT OF CLAUSES

Clause

PART I - PRELIMINARY

- 1—Short title.
- 2—Interpretation.

PART II - ADMINISTRATION

- 3—Appointment of officers.
- 4—Responsibilities of the County Director of Veterinary Services.
- 5—Duties of a meat inspector.

PART III – ABATTOIR SPECIFICATIONS AND CONSTRUCTION

- 6—Abattoir site.
- 7— Submission of drawings and specifications for construction, etc.
- 8— Construction requirements.

**PART IV – LICENSING F ABATTOIRS AND
SLAUGHTERHOUSES**

- 9—Requirements for grant of a license.
- 10—Application for a license.
- 11—Notice of application in the Gazette.
- 12—Licence to relate to a single abattoir.
- 13—Issue of a license.
- 14—Revocation or suspension of license.
- 15—Surrender of a license.
- 16—Notice of closure for remedy of defaults.

17—Offences and penalty.

PART V – ANIMAL SLAUGHTER AND MEAT INSPECTION

18—Animals to be slaughtered in licensed abattoir.

19—Inspection of animals.

20—Inspection of carcass or meat.

21—Tag, token or marks on animals or meat.

22—Marking and labeling of meat.

23—Access to slaughterhouse and records.

24—Register and other records of animals slaughtered.

25—Re-inspection of products.

PART VI – SANITARY FACILITIES AND HYGIENE PRACTICES

26—Destruction of unfit meat.

27—Owner to provide facilities for maintenance of sanitary conditions.

28—Slaughterhouse to have water.

29—Accommodation facilities.

30—Utensils to be made of durable material.

31—Material for first-aid treatment.

32—Abattoir to have receptacles.

33—Diseased animal or carcass not to enter without the inspector's permission.

34—Hygiene of premises and equipment.

35—Infected person not to be employed.

36—Hygiene in slaughtering processes.

37—Personal hygiene and conduct.

38—Prohibited acts in an abattoir.

The Taita Taveta County Abattoirs Bill, 2016

PART VII – GENERAL PROVISIONS

39—Disposal of condemned carcasses and parts.

40—Transportation of meat.

41—Protection from personal liability.

42—General offences and penalty.

43—Regulations.

THE TAITA TAVETA COUNTY ABATTOIRS BILL, 2016

A Bill for

AN ACT of County Assembly of Taita Taveta to provide for the regulation of abattoirs in Taita Taveta County and for connected purposes

ENACTED by the County Assembly of Taita Taveta, as follows—

PART I - PRELIMINARY

Short title.

1. This Act may be cited as the Taita Taveta County Abattoirs Act, 2016.

Interpretation.

2. In this Act, unless the context otherwise requires—

“abattoir” means a place used as slaughter house in which animals are slaughtered for human consumption and includes any place connected thereto in which animals are kept awaiting slaughter;

“carcass” means the body of any slaughtered animal after bleeding and dressing;

“container” means any box, detachable compartment, receptacle or any other arrangement in which meat may be carried by or on behalf of the holder of a permit, to any place for the purposes of selling;

“county executive” means the County Executive Committee member responsible for matters relating to veterinary services;

The Taita Taveta County Abattoirs Bill, 2016

“Director” means the county director of veterinary services who is a veterinary surgeon in the service of the county government;

“inspector ” means any veterinary officer or meat inspector duly authorized in writing by the Director to carry out inspections under this Act;

“lairage” means holding pens for livestock at a slaughterhouse prior to slaughtering;

“meat” means the flesh of any animal defined as food animal in the Meat Control Act;

“permit” means a valid permit issued under this Act;

“slaughterhouse” means any place kept for the purpose of slaughtering animals for human consumption;

“veterinary officer” means a veterinary surgeon in the service of the county government;

PART II – ADMINISTRATION

Appointment of officers.

3. (1) The County Public Service Board may, for the purposes of this Act, appoint —

- (a) a County Director of Veterinary Services;
- (b) veterinary officers;
- (c) meat inspectors; and
- (d) any other county officers and employees as may be necessary for the implementation of this Act.

(2) For purposes of subsection (1), the county executive may, by regulations, prescribe the

The Taita Taveta County Abattoirs Bill, 2016

qualifications for the inspectors, veterinary officers and such other county officers and employees.

Responsibilities of the County Director of Veterinary Services.

4. (1) The County Director of Veterinary Services shall be responsible for—

- (a) the general control and inspection of slaughtering and processing of livestock for human consumption;
- (b) ensuring that any person operating an abattoir or slaughterhouse observes the appropriate hygiene requirements for an abattoir;
- (c) the issuing of instructions and directives as may be necessary for the enforcement of this Act;
- (d) the closure of any abattoir or slaughterhouse which is not in compliance with this Act; and
- (e) the general enforcement of this Act.

(2) The Director may, in writing, assign any veterinary officer, meat inspector and other officers to carry out any function under this Act in any area within the County.

(3) In carrying out his duties under this Section, the director or his assistant shall liaise with the director of Public Health in ensuring that Public Health concerns have been addressed.

Duties of a meat inspector.

5. (1) A meat inspector shall inspect all carcasses, meat and offal intended for human consumption to establish their health and hygiene condition and declare their fitness for human consumption.

The Taita Taveta County Abattoirs Bill, 2016

(2) On the declaration of the fitness of the carcasses, meat or offal for human consumption the inspector shall brand, stamp or mark the same with the official stamp or mark declared by the Director, in such places and manner that the Director deems necessary.

(3) No person, other than the inspector or an authorized officer, shall stamp, brand or mark on any carcass, meat, or offal for human consumption with any official brand, stamp or mark or similar marking.

(4) A person shall not attach to or impress on any carcass, meat or offal any brand, stamp or mark which is forged or which is intended or is liable to deceive or induce the public to believe that the carcass, meat or offal has been inspected and approved under this section or to have been slaughtered at an approved abattoir.

(5) All carcasses, meat or offal declared fit for human consumption shall be graded and stamped according to the standards prescribed by the Director.

**PART III – ABATTOIR SPECIFICATIONS AND
CONSTRUCTION**

Abattoir site.

6. An abattoir or slaughterhouse shall—

- (a) be located in an area which is reasonably free from objectionable odors, smoke and dust;
- (b) have adequate dust-proof access-ways connecting it with public roads; and
- (c) be completely separated from any other buildings used for industrial, commercial, agricultural, residential or other purposes.
- (d) be guaranteed for adequate water for

The Taita Taveta County Abattoirs Bill, 2016

management of carcass cleanliness

Submission of drawings and specifications for construction, etc.

7.(1) Before the commencement of construction, alteration or renovation of an abattoir or slaughterhouse, drawings and specifications for the construction, alteration or renovation shall be submitted to the Director or a person delegated by the Director to provide guidelines for the abattoir or slaughterhouse to comply with the relevant laws and regulations.

(2) The drawings shall provide specifications of floor plans showing—

(a) the location and features of the principal pieces of equipment, floor drains, hose connections, principal drainage lines and hand-washing basins among others;

(b) roof plans elevations, cross and longitudinal sections of the various buildings including windows, principal pieces of equipment, heights of ceilings, rails and character of floors and ceilings; and

(c) the limits of the abattoir or slaughterhouse premises, locations in outline of buildings on the premises, cardinal points of the compass and railways serving the slaughterhouse.

(3) All properly drawn in scale project proposal shall be submitted together with the drawings of the plan indicating the category and features of estimated throughput, capacity and quality of water supply, power and heating arrangements, storage, chilling and freezing capacity, distribution systems and the drainage and

The Taita Taveta County Abattoirs Bill, 2016

sewage system for disposal of inedible and condemned carcasses and meat.

Construction requirements.

8.(1) An abattoir or slaughterhouse shall be constructed such that —

- (a) the premises of the abattoir is enclosed on all sides with a wall of permanent or semi-permanent materials, the interior of which shall be smooth, imperishable, waterproof, unbreakable and non-corrodible;
- (b) all corners of the interior of the premises are concave or convex to facilitate cleaning;
- (c) the roof is of semi-permanent or permanent material and there is no space between the roof and walls;
- (d) the floor is permanent, waterproof, of non-slip materials and drained by means of gutters covered by removable gratings and provided with an adequate slope;
- (e) all drainage from the premises is led underground for a distance of at least one hundred metres and then disposed off in a manner which does not cause nuisance by reason of the breeding of flies or other insects and prevents access by any person or animal;
- (f) the premises is adequately lighted by windows or open spaces separated from the outside by fly-proof screens and if opening glass windows are provided, the space must be separated from the outside by fly-proof screens;
- (g) artificial light of the type and intensity which does not modify or distort colours

is provided in any areas where daylight is inaccessible and is adequate for all work to be performed therein;

- (h) adequate ventilation is provided and spaces leading to the outside are protected by fly-proof screens and if at ground level, the spaces are also rat-proof; and
- (i) entry is regulated such that animals cannot enter the dressing area until they have been killed, washed and bled.

(2) An abattoir or slaughterhouse shall have —

- (a) a properly built and drained lairage erected not less than ten meters from the abattoir or slaughterhouse and equipped with adequate facilities for ante mortem inspection and special lairage for suspect animals;
- (b) fenced cattle races from the lairage to the abattoir or slaughterhouse, properly drained and in a suitable place equipped with facilities for washing the animals;
- (c) a distribution room of adequate size;
- (d) a separate room for the cleaning and treatment of offal; and
- (e) a separate room for the storage, disposal and treatment of inedible and condemned animals, carcass, meat and offal.

(3) The owner of an abattoir or slaughterhouse shall ensure that—

- (a) materials used are impervious, easily cleaned and resistant to wear and corrosion;
- (b) floors are constructed of dense, acid-resistant,

The Taita Taveta County Abattoirs Bill, 2016

- waterproof concrete and have a wood float finish;
- (c) walls are smooth and flat and made of smooth-surfaced cement plaster or other non-toxic, non-absorbent material applied to a suitable base, and walls are provided with sanitary bumpers to prevent damage by movable and other equipment;
 - (d) coves are with sufficient radii to promote good sanitation and installed at the juncture of floors and walls in all rooms;
 - (e) ceilings are of good height and, as far as structural conditions permit, be smooth and flat and constructed of cement plaster or other acceptable impervious material;
 - (f) if the ceiling has exposed hoists, these are at least sixty centimeter on centre and be designed so that they are easy to keep clean;
 - (g) window-sills are at least one hundred and fifty centimeters from the floor and be sloped forty five degrees;
 - (h) doorways are at least one hundred and fifty centimeters wide and the doors are made of rust-resistant metal having tight soldered or welded seams;
 - (i) door jambs are covered with rust-resistant metal;
 - (j) all windows, doorways and other openings that would admit insects are equipped with effective insect and rodent screens;
 - (k) dressed timber are used for all exposed interior wood work, and are painted with a good non-toxic oil or plastic base paint, treated with linseed oil or with a clean wood sealer;
 - (l) all parts of floors where wet operations are conducted are well drained, with at least one

The Taita Taveta County Abattoirs Bill, 2016

- drainage inlet provided for each thirty five square meters of floor space;
- (m) inlets are placed under the dressing rails, if necessary together with drainage valleys, not less than seven decimal five centimeters wide, with a slope of the floor towards drainage valleys or inlets of at least two decimal five centimeters per meter;
- (n) drains for paunch and stomach contents are at least twenty centimeters in diameter;
- (o) the waste disposal system is of adequate size and complies with general and local regulations; and
- (p) arrangements for the safe disposal of paunch contents, lairage manure, blood and condemned carcasses and meat are made and drawings and specifications must indicate how this will be accomplished.

**PART IV – LICENSING OF ABATTOIRS AND
SLAUGHTERHOUSES**

Requirements for grant of a license.

9.(1) No person shall maintain or operate an abattoir or slaughterhouse from which meat is sold for consumption without a valid license granted by the Director.

(2) A person shall not be granted a license to maintain or operate an abattoir or slaughterhouse unless the abattoir or slaughterhouse complies with the provisions of this Act and the Meat Control Act.

Application for a license.

10. (1) An application for a license shall be made to the Director in triplicate in the form prescribed by the County Executive Committee member.

The Taita Taveta County Abattoirs Bill, 2016

(2) The application for a license shall be endorsed by a county veterinary officer who shall forward two copies to the Director for approval.

(3) An application for the renewal of a licence shall be made to the director upon the expiry of the current licence on the thirty first day of December each year.

(4) An application under this section shall be accompanied by a fee that the director, after consultation with the county executive, may prescribe.

Notice of application
in the Gazette.

11. (1) The Director shall, within two weeks of receipt of an application for a license give notice of the application in the County Gazette and in any other manner as the Director may determine.

(2) A notice referred to in subsection (1) shall—

(a) specify the name and other particulars of the person or class of persons to whom the licence is to be granted;

(b) state the purpose for the proposed licence and indicate the date such licence is proposed to be issued to the applicant; and

(c) invite any objections to the proposed grant of a licence and direct that such objections be lodged with the Director within fourteen days of the date of the notice.

(3) The Director may, after consideration of the objections made under this section, if any, grant the licence applied for, subject to such terms and conditions as may be specified in the licence.

The Taita Taveta County Abattoirs Bill, 2016

License to relate to a single abattoir.

12. A license issued under this Part shall relate to a single abattoir or slaughterhouse premises described in the application and any change in the ownership or management of an approved abattoir shall be notified to the Director within fourteen days of the change.

Issue of a license.

13. (1) The Director shall issue a licence to an applicant who satisfies the requirements of this Act, subject to any lawful conditions that the director may determine.

(2) Every licence shall specify the abattoir or slaughterhouse premises upon which business may be carried on.

(3) The Director may, at any time during the validity of a licence—

- (a) vary or alter the conditions of the licence;
- or
- (b) impose further conditions on the licence.

(4) The grant of a licence to an applicant under this Act shall not be withheld without reasonable cause.

(5) The Director shall keep and maintain an up to date register of all licences issued under this Act.

Revocation or suspension of license.

14. The Director may revoke or suspend a license issued under this Act if in his or her opinion—

- (a) an offence under this Act or any other written law has been committed by the holder or any employee of the holder of the license; or
- (b) a condition of the license does not comply with the Act or has been contravened.

The Taita Taveta County Abattoirs Bill, 2016

Surrender of a licence. a **15.** (1) The holder of a license which is revoked under section 14 shall, immediately after the revocation, surrender the license to the Director.

(2) A license holder may, at any time, surrender the license to the Director and the license shall cease to have effect forthwith.

Notice of closure for remedy of defaults. **16.** (1) Where, upon inspection of any licensed abattoir or slaughterhouse, it is found that either the premises, equipment installed or the operations carried out in the abattoir or slaughterhouse do not comply with the provisions of this Act, the inspector or veterinary officer shall serve a written notice of closure to the owner of the abattoir or slaughterhouse or his or her agent or employee specifying all the necessary alterations or improvements required to ensure that the premises, equipment or operations comply with the provisions of this Act.

(2) A notice issued under subsection (1) shall specify the period within which the owner must effect the alterations or improvements and that period shall not exceed three months from the date of receipt of the notice by the owner, his agent or employee.

(3) The notice of closure of the abattoir or slaughterhouse under subsection (1) shall be without prejudice to the institution of proceedings against the owner of the abattoir where a criminal offence seems to be resulting.

(4) The owner of an abattoir or slaughterhouse shall always have the right to show cause why an order under

The Taita Taveta County Abattoirs Bill, 2016

this section should not be made.

Offences and penalty.

17. (1) A person who willfully obstructs, disobeys, hinders or knowingly makes any false or misleading statements, either orally or in writing, to an officer in the carrying out of his or her duties or functions under this Act or regulations made there under, commits an offence and is liable on conviction to a fine not exceeding ten thousand shillings or to imprisonment for a term not exceeding twelve months or to both.

(2) A person who contravenes any other provision in this Part commits an offence and is liable on conviction to fine not exceeding five hundred thousand shillings or to imprisonment for a term not exceeding three years or to both.

PART V – ANIMAL SLAUGHTER AND MEAT INSPECTION

Animals to be
slaughtered in
licensed abattoir.

18. (1) A person shall not slaughter an animal for the sale or processing of meat for human consumption except in an abattoir or slaughterhouse licensed under this Act.

(2) The Director shall assign to each abattoir and slaughterhouse such number of inspectors and veterinary officers as may be necessary to identify and inspect all carcasses and meat slaughtered therein and no abattoir or slaughterhouse shall be operated unless it is under the supervision of an inspector or veterinary officer.

(3) No carcass or meat shall be removed from an abattoir or slaughterhouse before due notice is given to the assigned inspector or veterinary officer for inspection.

The Taita Taveta County Abattoirs Bill, 2016

Inspection of animals.

19. (1) Every animal intended for slaughter shall be inspected before slaughter by an inspector assigned to the abattoir or slaughterhouse.

(2) Any animal found to be unhealthy upon inspection shall be separated from other animals awaiting slaughter.

(3) Any animal suspected to be suffering from any contagious disease by the inspector shall be removed from the premises of the abattoir or slaughterhouse and be—

- (a) quarantined at a designated area within the holding area of the abattoir for further observation; or
- (b) stunned and destroyed in a kiln provided at the abattoir facility.

Inspection of carcass or meat.

20. (1) The carcass or meat shall be inspected by an inspector or veterinary officer at the abattoir or slaughterhouse at the time of slaughter to ascertain whether it is fit for human consumption.

(2) The carcass together with the offal, head, feet and hide shall be presented for inspection and be identified with the animal previously notified as intended for slaughter in accordance with section 19.

(3) In the event of any abnormal cutting or removal of parts before inspection the whole carcass may be seized and destroyed by the inspector after written notice stating reasons for the destruction to the owner or his or her agent or employee in charge of the abattoir or slaughterhouse.

(4) All abattoirs or slaughterhouses approved under this Act shall be liable to inspection at any time by a meat inspector or veterinary officer who may issue instructions to ensure that the provisions of this Act are carried out.

(5) For any matter which is not provided under this Act, meat inspection shall be as is provided under the Meat Control Act.

Tag, token or marks on animals or meat.

21. (1) No person, other than an inspector or veterinary officer, shall attach to, alter or remove from any animal, carcass or meat, or cause to be attached to or altered, or removed or permit the alteration of any tag, token or mark used by an inspector or veterinary officer in the process of inspection.

(2) A person shall not remove or dispose of or cause to be removed or disposed of, any animal, carcass or meat which has been marked or tagged by an inspector or veterinary officer unless the person has the consent of and in accordance with the instructions of the Director, an inspector or a veterinary officer.

Marking and labeling of meat.

22. (1) All stamps used for marking and labeling of meat and meat containers shall be made of non-toxic and non-corrosive materials and shall be readily cleanable.

(2) The stamps specified in subsection (1) shall contain purple colored ink manufactured of harmless, edible ingredients approved for use on foodstuffs by the relevant law.

(3) The roller marks shall be placed, in case of cattle,

The Taita Taveta County Abattoirs Bill, 2016

sheep, goat or pig carcasses, on the lateral sides of the carcass and the mark shall run continuously from the carpal joint, over the *spine of scapula* on the shoulder, parallel to the vertebral column on the *longissimus dorsi muscle* and up to the hip joint ending on the hock joint.

(4) The Director shall provide the stamps and ink as may be required for the stamping or otherwise marking of carcasses, meat or containers.

(5) A person shall not procure, make or prepare or cause to be produced, made or prepared labels, tags, brands stamps or other marking devices bearing the inspection legend or any abbreviation, copy or representation thereof, for use on any carcass or meat without the written permission of the Director.

(6) All marking devices shall remain in the custody of the inspecting officer and shall be used under his or her supervision and shall, when not in use, be kept under lock and key by the inspector or veterinary officer.

(7) A person shall not affix, place or cause to be affixed or placed the inspection legend or any abbreviation or copy thereof, to or on any carcasses, meat or meat container except under the supervision of an inspector or veterinary officer.

(8) A person shall not remove or cause to be removed, in whole or in part, any meat which is required to be marked under this Act unless the same is clearly and legibly marked.

(9) Any container of inedible product which has the physical characterizations of an edible product or can be mistaken for an edible product shall be marked

The Taita Taveta County Abattoirs Bill, 2016

conspicuously with the word “inedible” in clear and legible letters.

Access to slaughterhouse and records.

23. (1) An inspector or veterinary officer shall, for the purpose of any examination or inspection necessary for the implementation of this act, have access to any part of an abattoir or slaughterhouse, at all times, irrespective of whether the abattoir or slaughterhouse is in operation or not.

(2) An inspector or veterinary officer shall, for the purposes of this Act, have free access to all records kept in accordance with this Act.

(3) Adequate and well-equipped areas shall be reserved and provided for the exclusive use of inspectors and veterinary officers.

Register and other records of animals slaughtered.

24. (1) The owner or the agent or employee of the owner in charge of any licensed abattoir or slaughterhouse shall keep, on the premises, a register of all animals presented for slaughter showing—

- (a) the origin of the animal;
- (b) the species of animal;
- (c) the date of arrival;
- (d) the date of slaughter;
- (e) the sex and age of the animal;
- (f) the weight of the carcass;
- (g) the grade of the carcass
- (h) the ownership of the animal; and
- (i) other relevant particulars of the animal.

(2) Records of the register kept under subsection (1) shall be transmitted to the Director on a monthly basis.

The Taita Taveta County Abattoirs Bill, 2016

(3) Every inspector or veterinary officer shall keep a daily record of slaughter and condemnations made in the abattoir or slaughterhouse.

(4) The person in charge of an abattoir or slaughterhouse shall—

- (a) keep a daily record of slaughter and condemnations carried out on the premises;
- (b) close the record book at the end of every year; and
- (c) submit a monthly and annual report to the County Director of veterinary services before the 10th of the following month and January of the following year respectively.

(5) The person in charge of an abattoir or slaughterhouse shall keep the daily record books for at least three years and monthly and the annual records for at least fifteen years before destroying them.

Re-inspection of products.

25. (1) All carcasses and meat shall be re-inspected as often as may be necessary, by inspectors and veterinary officers, to ascertain that the carcasses or meat are still fit for human consumption at the time they leave the abattoir or slaughterhouse.

(2) If on re-inspection any carcass or meat is found to have become unfit for human consumption, the original mark of approval shall be removed or defaced and the carcass or meat condemned.

(3) No meat shall be brought into an abattoir or slaughterhouse unless it had previously been inspected and passed by an inspector or veterinary officer and

The Taita Taveta County Abattoirs Bill, 2016

when entered into the abattoir or slaughterhouse it shall be re-inspected on arrival and if found unfit for human consumption, the original mark of approval shall be removed or defaced and the meat shall be condemned.

(4) An inspector or veterinary officer shall take samples of meat, water, or any other article in the abattoir or slaughterhouse, as often as may be necessary for the efficient conduct of the inspection, at the expense of the management of the abattoir or slaughterhouse.

PART VI – SANITARY FACILITIES AND HYGIENE PRACTICES

Destruction of unfit meat.

26. An inspector or veterinary officer may, after giving written notice stating reasons for so doing to the owner of the abattoir or slaughterhouse or to the agent or employee of the owner, declare any meat to be unfit for human consumption and order that it be destroyed by burning or such other suitable means of disposal as soon as possible after the written notice has been received by the agent, employee or owner of the abattoir.

Owner to provide facilities for maintenance of sanitary conditions.

27. For the purposes of efficient conduct of inspection and maintenance of sanitary conditions, the owner of an abattoir or slaughterhouse shall ensure that the following facilities, equipment and conditions are provided—

- (a) satisfactory lairage, equipment and assistants for conducting ante-mortem inspection and for separating and holding animals declared fit for human consumption from those marked “condemned”;
- (b) sufficient natural and abundant artificial lighting in all places and at such times of the day when natural light may not be adequate for proper

The Taita Taveta County Abattoirs Bill, 2016

- conduct of inspection;
- (c) racks, receptacles or other suitable devices for retaining parts such as the head, tongue, tail, thymus gland, viscera and all other parts and blood until the post-mortem inspection is completed so that they may be accurately identified in case of condemnation of the carcasses;
 - (d) tables, benches or the equipment on which inspections may be performed of such design, material and construction as to enable inspectors or veterinary officers to conduct their inspection in an efficient and hygienic manner;
 - (e) watertight receptacles for holding and handling condemned carcasses and parts, constructed so as to be easily cleaned, marked in conspicuous lettering with the word “condemned” in letters of not less than five centimeters high and if so required, be equipped with facilities for locking or sealing;
 - (f) a separate room or special open place, to be known as “final inspection place”, for final inspection of detained carcasses which place shall be adequate in size and constructed and suited to prevent carcasses passed for human food from being contaminated by contact with detained or condemned carcasses; and
 - (g) a separate room, known as “retention room”, for further inspection and detention of carcasses which room shall be kept under lock and the keys kept under the custody of the inspector or veterinary officer.

Slaughterhouse to **28.** An abattoir or slaughterhouse shall have —
have water.

- (a) a minimum of two hundred liters of portable water per head of livestock with

The Taita Taveta County Abattoirs Bill, 2016

conveniently placed outlets;

- (b) a supply of hot water at not less than eighty two degrees centigrade for the cleaning of equipment, floors and the like, which are subject to contamination by the dressing of diseased carcass.

Accommodation facilities.

29. An abattoir or slaughterhouse shall have—

- (a) dressing rooms that are in sufficient numbers, ample in size and conveniently located;
- (b) modern lavatory accommodations with hot and cold water, soap and towels or other equipment for drying hands and supervision during use;
- (c) toilet rooms and urinals that have separate drainage; and
- (d) properly located facilities for cleansing and disinfecting utensils and hands of persons handling carcasses and meat.

Utensils to be made of durable material.

30. Equipment and utensils used for preparing, processing or otherwise handling carcasses and meat shall be of material that is easily cleaned, and disinfected and shall, except for chopping blocks and handles of utensils, be made of metal or other durable material.

Material for first-aid treatment.

31. An abattoir or slaughterhouse shall have suitable and sufficient bandages, dressings including waterproof dressings, and antiseptics for first-aid treatment, in a readily accessible position for all persons engaged in the abattoir or slaughterhouse.

Abattoir to have receptacles.

32. An abattoir or slaughterhouse shall have sufficient number of suitable receptacles, if necessary

The Taita Taveta County Abattoirs Bill, 2016

with close-fitting covers for collection or removal of blood, offal, stomachs and intestines from the abattoir or slaughterhouse and for the removal of garbage, filth and refuse.

Diseased animal or carcass not to enter without the inspector's permission.

33. (1) A person shall not bring or permit to be brought to an abattoir or slaughterhouse, except with the permission of the inspector or veterinary officer—

- (a) an animal which he or she knows or suspects to be diseased;
- (b) a carcass of any animal that has died and has not bled.

(2) Notwithstanding subsection (1) (b) a carcass of any animal that has died and has not bled may be taken directly to a processing and sterilizing plant with the permission of the inspector or veterinary officer.

(3) A person shall not bring or permit to be brought into an abattoir or slaughterhouse a dressed carcass of an animal slaughtered in any place that is not an abattoir or slaughterhouse.

Hygiene of premises and equipment.

34. (1) Rooms, compartments, places, equipment and utensils used for dressing, preparing, storing or otherwise handling carcasses and meat shall be kept clean and in a sanitary condition.

(2) Sufficient protective clothing of a light color and of such material that renders them easy to clean shall be provided for the inspector or veterinary officer to change every day or whenever it is necessary.

(3) An inspectors or veterinary officer may require the use of protective covering for carcasses and meat from an abattoir or slaughterhouse to provide adequate protection for meat against dust, insects and the like,

The Taita Taveta County Abattoirs Bill, 2016

depending on the means employed in transporting the carcass or meat from the abattoir or slaughterhouse.

(4) Garbage, filth or refuse, whether liquid or solid, shall not be allowed to accumulate in an abattoir or slaughterhouse except so far as may be unavoidable for the proper carrying on of the business.

(5) The outer premises of every abattoir or slaughterhouse and all sanitary conveniences shall be kept clean and in working and orderly condition.

(6) All catch basins on the premises shall be of such construction and their location shall be kept in acceptable, clean and odorless condition.

(7) All reasonable steps shall be taken to clear the abattoir or slaughterhouse premises from rats, mice, birds and insects.

Infected person not to be employed.

35. A person infected with communicable diseases in a transmissible stage shall not be employed or maintained in a department of an abattoir or slaughterhouse, where meat is handled.

Hygiene slaughtering processes.

in **36.** (1) Any offal shall be kept identifiable with the carcasses until the inspection is finalized.

(2) Stomachs and intestines shall be removed from the slaughter hall immediately after they have been separated from the carcass for inspection and shall not be opened in any part of the premises which contains meat, other than stomachs and intestines.

(3) All hides and skins shall be removed from any part of the premises containing any meat as soon as is

The Taita Taveta County Abattoirs Bill, 2016

practicable after their separation from the carcass.

The Taita Taveta County Abattoirs Bill, 2016

products.

Transportation
meat.

of **40.** (1) No person shall transport, cause or suffer any meat to be transported unless that person holds a permit to transport meat.

(2) An application for a permit shall be made in the form prescribed under the Second Schedule to the Meat Control Act.

(3) On receipt of an application for a permit and being satisfied that the carrier or container complies with the standard specifications made under this Act, the Director shall issue a permit to the applicant upon payment of the prescribed fee.

(4) A permit issued under this section shall remain valid until the thirty first day of December of the year in which it is issued.

(5) Any carrier or container used for transportation of meat may be inspected by the inspector or veterinary officer whenever he or she deems it necessary to do so.

(6) Any person who uses, permits or causes to be used a carrier or container which does not conform in all respects to the hygienic standards prescribed in the First Schedule to the Meat Control Act commits an offence.

(7) Any meat consignment for transportation shall be accompanied by a “certificate of transport” signed and stamped by the inspector or veterinary officer in charge of the abattoir, slaughterhouse or processing plant, in the form prescribed in the Second Schedule to the Meat Control Act.

The Taita Taveta County Abattoirs Bill, 2016

(8) A “Certificate of Transport” shall be issued on the payment of the prescribed fee.

(9) Any person who contravenes this section, or fails to comply with any notice or prohibition issued under this section commits an offence and is liable on conviction to a fine not exceeding ten thousand shillings or to imprisonment for a term not exceeding twelve months or to both.

Protection from personal liability.

41. No action or proceeding may be commenced against the Director, an agent of the Director, an inspector or veterinary officer for any act done in good faith in the performance or intended performance of his or her responsibility or authorized action under this Act, or for any failure or default in the performance of a responsibility or authorized action in good faith.

General offences and penalty.

42. A person who contravenes a provision of this Act for which no penalty is provided commits an offence and is liable on conviction to a fine not exceeding ten thousand shillings or to imprisonment for a term not exceeding twelve months or to both.

Regulations.

43. The county executive may make regulations generally for the better carrying out of the provisions of this Act and such regulations may prescribe any matter necessary to be prescribed under this Act.

MEMORANDUM OF OBJECTS AND REASONS

Statements of the Objects and Reasons for the Bill

The principal object of this Bill is to regulate establishment, operations and abattoir activities in Taita Taveta County. The Act requires that abattoirs be registered and licensed in accordance with the Act. It establishes the institutional framework and provides for the abattoir specifications and construction, meat inspection, sanitary facilities and hygiene practices and related matters.

Part I (clauses 1-2) of the Bill contains the preliminary provisions, the short title and the interpretation of terms.

PART II (clauses 3-5) of the Bill provides for the appointment of officers, functions of the Director and duties of meat inspectors.

PART III (clauses 6-8) of the Bill provides for the abattoir specifications and construction. Among the key requirements for an abattoir is that, it shall be located in an area which is reasonably free from objectionable odors, smoke and due, and have adequate dust proof access ways connecting it with public roads and be completely separated from any other buildings used for industrial, commercial, agricultural, residential or other purposes.

PART IV (clauses 9-17) of the Bill provides for the requirements for grant of a license to operate an abattoir. This part also provides for other licensing provisions such as application for a license, notice of application in the Gazette, issue of license, revocation or suspension of license and notice of closure for remedy of defaults.

PART V (clauses 18-26) of the Bill provides for animal slaughter and meat inspection and includes animals to be slaughtered in licensed abattoir, inspection of animals, inspection of carcass or meat, marking and labeling of meat, destruction of meat amongst others.

The Taita Taveta County Abattoirs Bill, 2016

PART VI (clauses 27-38) of the Bill provides for sanitary facilities and hygiene practices and contains the following; owner to provide facilities for maintenance of sanitary conditions, slaughterhouse to have water, accommodation facilities, utensils to be made of durable material, abattoir to have receptacles, diseased animal or carcass not to enter without the inspector's authority, hygiene of premises and equipment, infected person not to be employed and hygiene in slaughtering processes amongst others.

PART VII (clauses 39-43) of the Bill provides for general provisions. This part contains disposal of condemned carcasses and parts, transportation of meat, protection of personal liability, general offences and penalty and the power of the County Executive Committee Member to make regulations.

Statement on the delegation of legislative powers and limitation of fundamental rights and freedoms

This Bill delegates legislative powers to the County Executive Committee member but it does not limit fundamental rights and freedoms.

Statement of how the Bill concerns county governments

The Bill concerns county governments in terms of Article 109(3) of the Constitution as it contains provisions that affect the functions and powers of the county governments as set out in the Fourth Schedule to the Constitution.

Statement as to whether the Bill is a money Bill within the meaning of Article 114 of the Constitution

The enactment of this Bill shall occasion additional expenditure of public funds.

Dated the 22nd March, 2016.

Hon Francis R. Terere
Member of County Assembly
